

**Gateway Pregnancy Center
Baby Bottle Campaign
January 23 - February 27**

What is a Baby Bottle Campaign?

Each family or family member who would like to assist Gateway takes a baby bottle home. Place it in a central part of your home, perhaps a kitchen counter. Use it to collect your spare change and dollars for Gateway.

Baby Bottle donations will help us to provide materials to assist our client's in:

- Better understanding abortions and it's after-effects
- Becoming better educated about pregnancy
- Becoming more informed parents

It will also be used to:

- Purchase counseling and abstinence brochures, videos and books
- Educate teens about abstinence and how to choose better relationships

But most important of all it will help bring the Gospel to pregnant teens and adults.

Thank you for your participation in this event!
